

Privacy Statement – Care4Today™ Guide

Care4Today™ Guide ("the App") is provided by Johnson & Johnson MedTech ("we", "us", or "our"). This Privacy Statement explains how we handle information when you use the App.

1. Overview

Care4Today™ Guide is a patient education app designed to provide hospital-specific information about surgical procedures, preparation, and recovery. The App is designed with a privacy-by-default approach and does not require user registration or account creation.

2. Personal Data We Collect

2.1 No Personal Data Required for App Use

You can use the App and access all content without providing personal data.

- No account is created
- No identity verification is required
- No personal data is collected for standard app usage

2.2 Technical Support (Optional)

If you contact technical support, you may be asked to provide limited personal data such as:

- Name
- Email address
- Phone number

This information is provided voluntarily and used only to respond to your request.

3. Non-Personal Data

The App uses a hospital pathway code to deliver relevant content.

- This code is not unique to you
- It cannot be used to identify you personally

4. Data Stored on Your Device

The App may store limited information locally on your device, such as:

- Viewed content
- Checklist progress

This data stays only on your device and is deleted if you uninstall the App or reset it.

5. How We Use Data

We use data only for:

- Delivering hospital-specific content
- Providing technical support (if requested)

We do not:

- Sell personal data
- Use data for advertising
- Track users across apps or websites

6. Data Sharing

We do not share personal data except in the following limited case:

- Technical Support Provider: If you request support, your contact details may be handled by:
Telerx Marketing Inc. d/b/a C3i Solutions (HCL Technologies)

This provider processes data only to resolve your support request.

7. Data Storage and Security

- App infrastructure is hosted on secure cloud services in the European Union (Ireland)
- Any personal data (if collected for support) is stored within the European Union
- Data is protected using encryption in transit and at rest

8. Data Controller and Processor Roles

- The Hospital providing your pathway acts as the Data Controller
- Johnson & Johnson MedTech acts as a Data Processor, handling data only as instructed

9. Your Rights

Depending on your location, you may have rights including:

- Access to your personal data
- Correction or deletion of your data
- Restriction of processing

Since the App does not collect personal data, these rights apply only to technical support-related data. To exercise your rights, contact the Hospital or support service.

10. Children's Privacy

The App is not intended for use by children without appropriate supervision. We do not knowingly collect personal data from children.

11. Changes to This Statement

We may update this Privacy Statement from time to time. Updates will be made available through official channels.

12. Contact

For privacy questions or requests, please contact:

- Your Hospital, or
- Technical support through the App
